How to Use:

DermaSox are treated to last for 30 days per pair, 60 days full treatment per pack. Simply wear straight from the pack. Treatment is only released on friction through wearing the socks. DermaSox can be worn as normal footwear after treatment period. Filtering Nano-Bamboo charcoal fiber areas outlined in green are designed with extra fabric for more intense delivery, where needed the most. Not intended for use on broken or injured skin.

Ingredients:

Aloe Vera: Well known and widely used plant leaf contains over 75 skin loving nutrients, including minerals, amino acids and vitamins.

Shea: A well known natural oil which is soothing and moisturizing, to help soften and protect skin.

Vitamin E: Known for its anti-oxidant properties widely used in cosmetics and believed to help counteract damage done by free radicals.

Tested Effective by Independent Lab in U.K.

Hand wash with gentle detergent, NO bleach, dry naturally away from direct heat.

Material Contents: 47% Bamboo, 30% Bamboo Charcoal Polyester, 1% Polyester, 19% Spandex, 3% Nylon
